## Additional Funds Approved Despite Wayne County's Refusal to Contribute

# New Boston Improvements... Get Another Look From Board

BY MARGARET E. O'KELLEY

At the April 16th Township Board meeting, Supervisor Mitchell once again brought the New Boston Improvement Project back to the Board. This matter had been approved last year and still remains undone. Apparently, the specifications had been changed and the County had refused to share in the costs of the additions. Based on the Supervisor's comments, this late addition will cost \$16,000. This means the County will not pay its share and the taxpayers of Huron will bear the costs.

Supervisor Mitchell, in his opening remarks, said the park authority advised him they were going to place a connector path on the west side of Waltz. Apparently, a decision was made to expand the project to include sidewalks on the west side of the street from the bridge to Huron River Drive. Also included in the change of scope was widening the sidewalks from five feet to six feet.

The comment regarding the park system caught the attention of Trustee O'Kelley and he asked why the park did not pick up the tab for the extra sidewalk. The Supervisor responded the sidewalk was on our property and the addition was for the convenience of the citizens.

Trustee Adkins and Carey questioned why the sidewalks were widened a by a foot. The Supervisor did not seem to have a direct answer and suggested they could go with the original specifications of five foot wide. This issue got lost as some Board members

turned their attention to the merits of the changes.

Trustee Carey said she thought the area was dangerous for the citizens to walk. Treasurer Skrzycski said it was a good buy.

O'Kelley said if such a great deal why wasn't it considered in the original specifications. He asked the rhetorical question "what has happened

recently to cause the additional work?" He also asked why the Board was not kept informed on the changes.

The Supervisor was vague in his response but suggested it was mentioned over six months ago and tersely replied "vote yes or no."

Treasurer Skrzycski also questioned the lack of notice on the issue and the Supervisor

responded in the same manner.

The central issue seemed to be that the County had received the additional specifications and refused to contribute their share. It left the audience at the meeting wondering what the County's response would have been had the changes been part of the original specifications. Regardless, the new specifica-

tions will add an additional \$16,000 to the project. According to the Supervisor's math, the additional approval needed was for \$7,659.00 because the Board had previously approved \$99,350 for the project.

The motion to approve the additional work and funding was approved with Trustee O'Kelley voting in opposition.

## Possible Reduction in State Police Services May Impact Rural Townships

# Huron Township Board Considers Resolution Regarding State Police

BY MARGARET E. O'KELLEY

At the April 16th Board meeting, the Board considered a letter and resolution submitted by the Michigan Association of Township Supervisors. The letter was written by President Robert DePalma who asked for the Township's support in objecting to the reduction of patrol services by the State Police.

According to resolution that he proposed, the Board would oppose any efforts on the part of the Governor to reduce or eliminate State Police posts in rural communities.

Supervisor Mitchell introduced the item and referred to an article written in the *Oakland Press*. The *Weekly* secured a copy of the article and it dealt with County Sheriffs and their concerns over the reduced patrols and pushing services normally performed by the State police over to County and local authorities.

Ordinarily such resolutions are routinely considered by the Board with either token support or a "note and file." However this one seemed to interest at least the Chief of Police; he spoke to the Board about the ramifications of the resolution.

He reminded the Board that all the communities in Wayne County had their own police departments and the concern was over rural communities losing the State Police protection. He said there were other services provided by the State

police that are of more benefit to us than road patrols.

As an example, he talked about evidence being sent to the State crime labs and the results taking months to receive. He said DNA processing takes between six months to one year.

He seemed to think that cuts

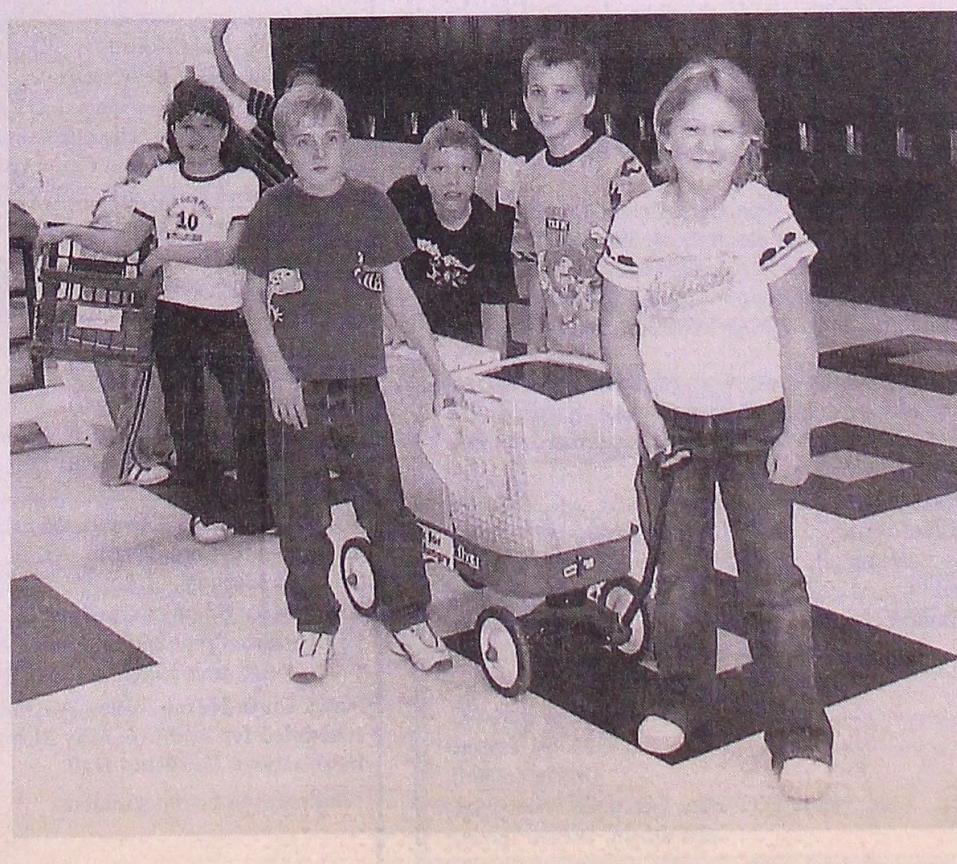

were coming and saw it as road patrol versus auxiliary services. He mentioned the need for police dogs or SWAT teams—all provided by the State police and not provided by our police department. He said he understood the concerns of the rural northern communities but placed his

thoughts regarding the needs of Huron Township.

He concluded his remarks by saying he was sure the sheriffs and the police chiefs in the State would eventually weigh in on the subject.

The motion to support the resolution passed with Clerk Bowers voting in opposition.

## Brown Elementary School is on the Move

Brown Elementary Upper El students got busy and pitched in to help with the latest adventure in their school — Phase I Move-In Day. Along with wagon and crate-loads of computers, books, and other classroom necessities, they moved into the new addition at the school. The Library is now temporarily located in a classroom in the new area.

## New Boston Couple Honored With Legacy Society Community Service and Leadership Award from the Brain Injury Association of Michigan

Dr. Joseph and Mrs. Jean Richert, New Boston residents and founders of Special Tree Rehabilitation System headquartered in Romulus, were recently recognized with the 2003 Legacy Society Community Service and Leadership Award from the Brain Injury Association of Michigan.

"Doc and Jean," as they are affectionately known, were honored for their leadership and commitment to persons with brain injuries and their families. Since then, the Richerts have pioneered many rehabilitation concepts, set industry standards, and built a community that offers persons with brain injuries and spinal cord injuries the best opportunities for healing and recovery.

The husband and wife team founded Special Tree in 1974 when they purchased Woody's Rest Home in Romulus. While the initial focus involved geriatric care, that soon shifted as

Dr. Joseph and Mrs. Jean Richert, 2003 Legacy Society Community Service and Leadership Award from the Brain Injury Association of Michigan.

they began to treat younger clients who often had been catastrophically injured with traumatic brain injuries and spinal cord injuries and were unable to find appropriate services elsewhere. Slowly they hired therapists, nurses, and other professionals to provide rehabilitation services.

Doc and Jean remember

with pride the early struggles of starting the business. "It was incredibly challenging and interesting," shares Jean. "Everything was changing in the industry at that time." Not only did they get past the early bumps in the road, but pioneered what is now an organization with more than 15 locations in Southeastern Michigan.

Dr. Joseph Richert is a board-certified family practice physician. Doc has provided 30 years of medical direction and physician services to Special Tree clients, and has been on-call 24 hours a day since the company's founding 28 years ago. He has also spent more than 40 years caring for patients through his long-time family practice in the town of New Boston.

Jean Richert is a master's level psychologist who directs specialized therapy at Special Tree. Her varied and unique background includes

teaching in public schools, asparagus truck farming, nursing home administration, and fashion modeling. These influences have led to creative in-house therapy programs at Special Tree such as pet therapy and wheelchair gardening.

The Richerts reside in Huron Township, where Doc was the team physician for the local schools for more than 30 years. Jean was school board member for 11 years. They have six chil-

dren, many grandchildren and will soon celebrate their 50th wedding anniversary.

Presented by the Brain Injury Association of Michigan, a non-profit agency dedicated to enhancing the lives of persons with brain injury, the annual Legacy Society Award honors individuals who have contributed to the brain injury field, or have worked to improve the lives of persons with brain injury and their families.

# Flat Rock Middle and Elementary Schools Receive Full Accreditation from NCA

The North Central Association Commission on Accreditation and School Improvement announced today that Bobcean Elementary, Barnes Elementary and Simpson Mid-

dle School are among the 106 new members to receive full accreditation. These schools, all from the Flat Rock Community School District, were admitted to membership to

membership on Tuesday, April 8, 2003, during NCA's Annual Meeting in Chicago, Illinois.

Michael A. Bugenski, NCA State Director, extends congratulations to the school com-

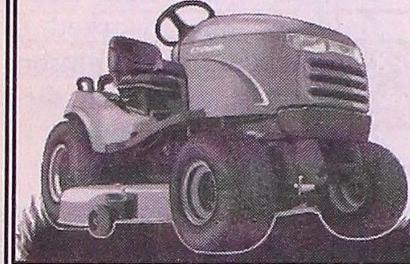

munity. "These schools have now joined the growing league of institutions whose purpose is the continuing quest for higher levels of quality education," notes Bugenski.

At the foundation of North Central Association accreditation is the voluntary decision by administrators and staff to meet established standards. In addition, they agree to implement a demanding school improvement process, which includes reviews and evaluations by an outside team of educators. Accreditation is renewed annually to ensure the quality of education for every student.

The North Central Association Commission on Accreditation and School Improvement, the nation's largest regional accreditation association, is a voluntary coalition of over 9,000 schools and over 1,000 colleges and universities in the 10 state region of the central United States. In the state of Michigan, the North Central Association now accredits 1,879 schools. For additional information regarding NCA, please visit our website: <http://www.nca.umich.edu>.

For additional information about the Flat Rock Community Schools, call 734-782-2451.

## Registrations for Bobcean Fall Kindergarten Still Open

Ethel C. Bobcean Elementary School in Flat Rock is still accepting registrations for fall kindergarten. Due to our screening process, it is important to get your child registered before the end of May. Every child is given a screening appointment when they register. This screening is used to evenly divide the students into classes and to potentially place your child into our Young 5's classroom (if their birthday is after

September 1st). We also have a summer readiness program for those children who are registered and have not attended preschool.

Stop by Bobcean Elementary School, at 28300 Evergreen in Flat Rock, to register your child. The best times are 9:30 - 11:00 a.m. and from 1:00-2:30 p.m. You will need the child's birth certificate, social security card, immunization records and proof of residency.

Dear Parents,

The Huron School District will be offering a Young Fives program. It is intended for those children who will be five years old on or before December 1st, but may not be ready for the rigors of Kindergarten. For more information please attend a Kindergarten Orientation meeting (for parents) at Huron High School Auditorium on Wednesday, May 21st at 6:00 PM, or call LouAnn Matsos at Sunnyside Kindergarten Center (734-782-1162).

## Silent Auction-Dinner Fund Raiser

Saturday, May 31st - Apple Charlie's

Friends and Family of Dorothy Schewe will be hosting a dinner and silent auction to help with expenses due to recent illness and death of Darryl Schewe.

Dinner will include turkeys, pig roast and yummies and will be served between 3 p.m. and 9 p.m.

The silent auction will be held between 4 - 6 p.m. and offers items donated by many local business. Other items will be available for donation. There will also be a moonwalk and hayrides available at minimal cost for children. Music is being provided by Joe Prater's Huron Valley Express.

Dinner is \$15.00 per Adult and \$5.00 for children under 12.

Pre-Paid tickets are available at McNasty's, Chapp and Bushey's and Apple Charlies.

Donations are also being accepted at Apple Charlies now.

The Schewe's are long time Huron Township residents and Darryl is sadly missed, please come out for a day of fun and friendship.

*Help keep Dorothy's smile bright - she is that lady at Chapp's who brightens your mornings.*

# How the Monroe County School Mural Project Began

During the 2001 Countywide In-service Day, art teachers from schools throughout Monroe County met for a roundtable exchange of ideas. They discussed the status of visual arts curriculum issues, art integration, and the use of technology in their classrooms. They also heard a short presentation by Kim Wilson, director of education at Pewabic Pottery in Detroit, and Susan R. S. Miller, communications specialist at the Monroe County Intermediate School District, designed to gauge their interest in the possibility of creating a student-designed mural that would become an installation of public art for our community. The response was very favorable and subsequent meetings served to explain the process such a project would follow.

During the week of May 6-10, 2002, five work session days were divided into four workshops. Each workshop ran

for approximately an hour and a half. Each workshop session was geared to accommodate groups of 25 to 30 students. Participating teachers chose students from their districts. These student-artists created tiles in the ceramics studio at Monroe County and instruction from Pewabic Pottery educators, following designs they had worked on in their art classes.

The instructors from Pewabic facilitated the construction of the wet clay into slabs for tile. The students then carved and drew on the tiles with various tools and everyday items to obtain the effects they wished to incorporate into their designs. They painted the tiles with colors from a special palette chosen for this project, featuring colors that would be found in nature. Pewabic personnel then finished the tiles by glazing and firing them so that each design would be permanently fixed on each student's

tile. The mural was unveiled on Wednesday, February 26, 2003 to a capacity crowd of artists, parents and friends. The permanent display is located at the Monroe County ISD.

Thanks to Susan R. S. Miller for allowing this information to be reprinted from the evening's program.

These are the Airport students who created tiles for the mural project at the Monroe County ISD:

## Official Urges Businesses to Help Control Mosquitoes

Submitted by: John Mitchell, Huron Township Supervisor

Businesses in metro Detroit can play a major role in the effort to eliminate mosquito breeding grounds and reducing the threat of the West Nile virus, said Richard Shepler, director of public works for the city of Berkley.

Shepler sent a letter to businesses in Berkley earlier this month encouraging them to do things such as maintain storm-

water drains on their property and treat retention ponds.

Shepler said he is getting word out because many businesses don't understand their responsibility.

"Oftentimes (storm-water drains) are neglected on private property," he said.

Mosquito breeding can be reduced by cleaning out any standing water and by placing special briquettes in the drains that kill mosquito larvae.

### Your Cosmic Look For The Week Of May 15th - May 21st

#### Taurus April 21 - May 21

Seldom seen or heard does not mean others are not thinking of you. But you must return the favor and start to think too. Spend time in sun but screen yourself from damage. Caution prevails.

3722

#### Gemini May 22 - June 21

Lost in the woods does not mean you won't be found. Might be best to hide in thicker forest. Parents present more problems than expected but your shiny smile smooths over all rough edges.

3989

#### Cancer June 22 - July 23

Winds blow thru. Brain cells remain intact but love life flounders. Don't look in local river for replacement. Keep head high but don't forget to help those below you. They may return the favor.

0989

#### Leo July 24 - Aug 23

Swimming pool needs new life? Money may be wasted on better things but children rule this time. Fortune smiles on you but passes by. Lack of wisdom and solid friends has you paying the price.

2321

#### Virgo Aug 24 - Sept 23

Wonder of wonders. You discover you really made the mistake of a life time. No turning back now. You sense danger around corner but unless you find that corner it won't be of help.

8873

With Spring in full motion, I thought it might be a good time to lighten up your food choices. How about a couple of really Salads to add to your summer menu? This week the salad is made with Spring Mix also known as Baby Greens or Mesclun.

### Sunny Day Salad

#### Single Serving

2 cups Spring Mix  
1/2 cup Cottage Cheese  
3 - 4 Cherry Tomatoes - cut in half  
8 - 10 Red Onion Strips  
2 Tbs. Blue Cheese - crumbled

Chill a medium to large plate or flat bottom bowl. Mound the cottage cheese in the center of the plate and arrange the spring mix around the edge. Arrange the other toppings over the salad and serve with a Cherry, Strawberry or Raspberry Vinaigrette.

#### Libra Sept 24 - Oct 23

Broken bones mend, broken promises don't. Keep all in mind when making life changing decisions. Children find your special humor refreshing but parents question your every motive. Just laugh.

3389

#### Scorpio Oct 24 - Nov 22

Run! Run! Run! Time to slow down and take a break. Prepare for party of parties. Take time to travel to next town over but don't forget to buckle up. A lot depends on your willingness.

7737

#### Sagittarius Nov 23 - Dec 21

Work scene seems bleak, but all is not up in the air as it seems. Keep feet firmly planted on the ground. Children play unwanted games. Can you put the pieces together? Time tells all.

4547

#### Capricorn Dec 22 - Jan 20

Look up and down but do not turn around. Might find what you didn't want to see. Family and friends keep big secret until you need to know. Ask those questions now before you are last to know.

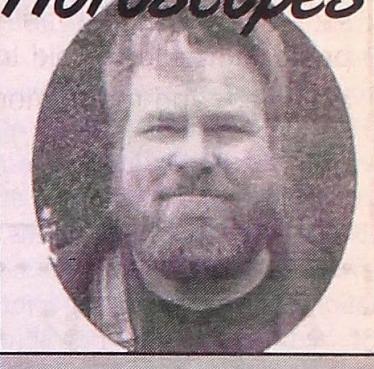

2211

#### Aquarius Jan 21 - Feb 19

Walking alone or with dog sends you down same old boring trail. Time to spice up your life? Keep thoughts where they belong. Spouse plots and you need to smile. Good intentions.

8870

## Horoscopes

William Grover

#### Pisces Feb 20 - Mar 20

Laugh at those who laugh at you. You find time is on your side although you waste it on unnecessary needs. Fortune spills your way but not what you want. Keep secrets when needed?

3219

#### Aries Mar 21 - April 20

Look into soul for one chance to correct the past. Lights in eyes from unwanted source. Don't blame others for your troubles. Seldom seen and heard may be good for some but not you.

0018
